Kacey Musgraves

Country music's sweet-and-sassy breakout star talks Nashville hotspots, memorable Disney favorites and Lucchese style.

By Margaret Sutherland

Country music star Kacey Musgraves is known for her tongue-and-cheek shows and straight-shooting lyrics — and her penchant for sparkle. She brought that personal flair to a new collaboration with heritage cowboy boot brand Lucchese. The two teamed up on a special three-boot collection that hits select Lucchese stores this month. Part of the inspiration was Musgraves' on-stage style, characterized by lots of sequins and short skirts, but the singer-songwriter said she also was looking for something she could wear anytime. "You could say I'm a bit of a boot collector," Musgraves told *Footwear News*. "When I'm on the road, I'm always in vintage stores and coming home with new things. Lucchese is a brand I've been aware of, especially growing up in Texas and being a boot lover." Musgraves has had quite the year on the country music circuit, getting rave reviews for her sophomore album, "Pageant Material," released in June. She was also the first country act to headline at New York's historic Apollo Theater to a sold-out crowd and took home three nominations at the Country Music Association Awards, including the coveted Female Country Vocalist of the Year.

BEST PART OF VISITING NEW YORK CITY:

"I tend to **wear my workout clothes at home** all the time. I don't know if it's giving up or just convenient."
